

# Fold Down Clotheslines

## Daytek Lift & Lock Slim Fold Down Clothesline

At only 560mm deep in the up position the Daytek Slim Fold Down clothesline is designed for applications where the available space is too narrow to take a standard fold down such as balconies or narrow passageways between a house and side fence. The Daytek Slim Fold Down has all the same features as the Daytek Single Fold Down, including the Australian Good Design Award lift and lock wall bracket, only with shorter side arms and less line space.

Custom colours and sizes are available through the Special Orders desk.
