AWARD BRANDS

Medio & Grande
## Bathroom/Shaving Cabinets

Attractive and durable. Easy to install. Great value.

Simple and inexpensive, the Award Medio and Grande Bathroom/Shaving Cabinets are ideal for low cost bathroom renovations and bathrooms with limited space.
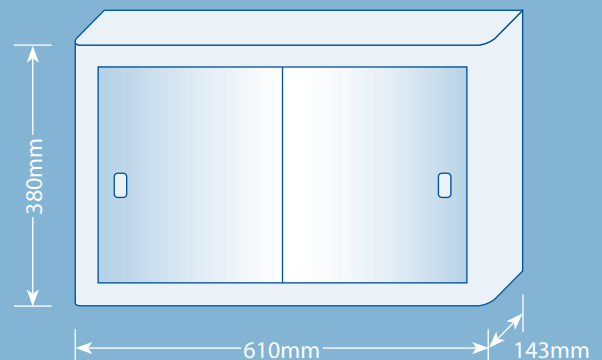

Quality 5mm thick, full mirror sliding doors provide a large viewing area without taking up the valuable space that outward opening doors require; while attractive and durable powder coated steel construction makes both the Medio and Grande suitable for both residential and commercial applications.

Finished in brilliant white, the Medio and Grande cabinets come complete with mounting hardware as well as predrilled and countersunk mounting points, making installation easy.

Practical contemporary design, durability and value make both the Medio and Grande Bathroom/Shaving Cabinets from Award a smart choice.
