Cleaning & Thinning Solvent

General purpose cleaning and thinning solvent.

DESCRIPTION

Crommelin® Cleaning & Thinning Solvent is a general purpose cleaning agent for application tools and equipment when used with Crommelin® solvent based Sealers. Crommelin® Cleaning & Thinning Solvent can be used to clean spills, degreasing substrates before sealing and thinning solvent based products. Crommelin® Cleaning & Thinning Solvent also assists with removing solvent borne paints and sealers.

FEATURES AND BENEFITS

- Easy clean up of solvent borne sealers and equipment.
- Assists removal of excess wet and cured coatings.
- Aids in thinning and reworking coatings to increase penetration.

AREAS OF USE

Cleaning & Thinning Solvent is suitable for:

- Thinning of solvent based Crommelin® surface sealers. Not recommended for use with Crommelin® Pool Paving Sealer and Crommelin® Natural Finish Sealer.
- Cleaning application equipment used in applying Crommelin® sealers.
- Removal of excess Crommelin® solvent borne sealer films; wet or cured.
- Reworking of cured coatings to increase penetration.
- General purpose cleaning and degreasing.
- Reworking of cured coatings to release trapped moisture.
**SUITABLE SUBSTRATES**

Cleaning & Thinning Solvent is suitable for use on surfaces as recommended by the appropriate Crommelin® Sealer.

**APPLICATION TOOLS**

- Stiff bristle brush or broom.

**SURFACE PREPARATION**

- Refer to the surface preparation guide of the appropriate Crommelin® sealer.

**APPLICATION PROCESS**

- **Cleaning Equipment:** Thoroughly wash any equipment with Cleaning & Thinning Solvent and allow to soak for 2 minutes. Rinse well with warm soapy water. Repeat if necessary.
- **Rework Existing Coatings:** If too much sealer has been applied or applied to damp substrate and whitening has occurred under the sealer. Apply Cleaning & Thinning Solvent liberally to the affected area. Work in with brush for several minutes until the surface exhibits a dark wet look. Allow to dry and repeat as necessary.
- **Sealer Thinning:** Up to 10% may be added to thin the first coat of applicable Crommelin® solvent based sealers, to aid with surface penetration.

**SIZES**

- Crommelin® Cleaning & Thinning Solvent is available in a 1L can.

**RELATED PRODUCTS**

- Crommelin® solvent based Satin or Gloss Sealers.

**PRECAUTIONS**

- **Crommelin® Cleaning & Thinning Solvent** is a flammable aromatic solvent. Store in a cool place.
- Do not use in poorly ventilated areas. Keep container sealed when not in use.
- Do not apply during periods of extreme weather conditions – temperature or humidity. Apply between 5°C and 35°C and under 85% humidity. To check these conditions, refer to [http://www.bom.gov.au](http://www.bom.gov.au)
- Keep away from sources of ignition.

**TRANSPORT AND STORAGE**

- **Size:** 1L
- **Weight:** 1kg
- **Flash Point:** 43°C
- **Cool and Dry Storage**
- **Hazchem Code:** 3Y
- **UN Number:** 1268
- **Poisons Schedule:** 5
SAFETY AND FIRST AID

Crommelin® Cleaning & Thinning Solvent Safety Data Sheet is available from Crommelin® upon request.

Safety

- Ensure good ventilation and avoid breathing vapours.
- Avoid skin and eye contact. Wear gloves and eye protection. Remove splashes on skin immediately and remove contaminated clothing.
- Keep out of reach of children.
- Keep container sealed when not in use.
- Do not swallow.

First Aid

- If poisoning occurs, contact a doctor or poisons information centre: Ph. 13 11 26.
- If swallowed, do not induce vomiting. Give a glass of water to drink.
- If in eyes, hold eyes open and flood with water for at least 15 minutes.
- If not breathing, apply artificial respiration.
