YOUR DREAM WARDROBE MADE EASY

The Flexi Storage Wardrobe is an easy to build wardrobe system.

Imagine having a space which is organised just the way you like it. We have you covered, with our DIY wardrobe program which is simple to assemble and install.

Choose from a stand alone sliding wardrobe or from a range of walk in and built in units. All are designed to fit your space. Plus you can select your own internal accessories to fit out and customise your wardrobe.

WARDROBE SELECTION PROCESS

When thinking about your wardrobe requirements, you will need to determine the type of wardrobe you need. With our Flexi Storage Wardrobe range you have many different options.

SLIDING WARDROBE

- MIX OR MATCH YOUR DOORS
- THREE DRAWER INSERT
- EASY TO ASSEMBLE

Flexi Storage Sliding Wardrobe range is a storage option with class and flexibility. Made in Europe with a well-proven sliding door system, our range is manufactured with top quality materials and components. It's easy-to-assemble, offers the flexibility of different finishes and has a range of accessories to suit your needs.

Unlike other wardrobe systems on the market requiring several people to assemble and lift into position, the unique and highly innovative Vertical Build System allows you to build and assemble your Sliding Wardrobe in your chosen location and in an upright position. There is no need to relocate or reposition.

SLIDING WARDROBE

3 STEP BUYING PROCESS

**BUYING MADE EASY...
IN 3 EASY STEPS YOU CAN DESIGN YOUR NEW WARDROBE AND DECLUTTER YOUR SPACE.**

When in store follow the 3 step packaging to select the right wardrobe components to build your dream wardrobe.

Also view our how to videos to guide you through the process of bringing your wardrobe to life! The Flexi Storage Wardrobe is an easy to build modular based wardrobe system.

Imagine having a space which is organised just the way you like it. We have you covered, with our DIY wardrobe system which is simple to assemble and install. We have a dream wardrobe to suit your clothes, your style and your space. Plus you can select your own internal accessories to fit out and customise your storage space

VERTICAL BUILD

Builds in its final resting place - no need to relocate or carry upstairs.

STEP 1

CHOOSE FRAME

Measure the available space for a wardrobe. Then select the required frame width.

Choose from 1200 or 1800mm widths. White or oak finish.

STEP 2

ADD DOORS

Next select the finish of your door, in keeping with your interior. You can select from white, oak, high gloss white and a mirror finish.

STEP 3

ADD ACCESSORIES

Fit out your wardrobe with shelving. Melamine shelves are sold in packs of 2. They are available in a white or oak finish. Timber Drawer Inserts with soft closing hinges are sold individually and are available in 2 sizes medium or large. Select from white or an oak finish.

Soft Closing Devices for all sliding doors can be fitted discreetly for a smooth, soft and silent door close. They are cleverly concealed into the guiding track.

OUR WARDROBE SYSTEM ALLOWS THE HOME HANDY PERSON TO PLAN, DESIGN, ORDER AND BUILD THEIR OWN WARDROBE - IT'S SIMPLE AND SAVES YOU DOLLARS.

* All door fittings & Sliding Rail Track included in Frame Kit.

WALK-IN WARDROBE

- **CREATE A COORDINATED LOOK FOR ALL YOUR STORAGE ITEMS ON SHOW**
- **MANY DIFFERENT OPTIONS – MELAMINE SHELVES, DRAWER UNITS AND HANG RAILS**

Walk-In units allow you to maximise your area to store clothing, shoes and accessories in various layouts, making them easy to access and view.

Choose from a variety of drawer, hang or shelving configurations to create the ideal walk-in wardrobe storage solution.

flexi TIP

Try to keep some consistency of lines throughout your wardrobe space. This ensures the space is visually pleasing – the repetition of drawer fronts and shelving is a good example of how to achieve this.

MAXIMISE YOUR SPACE WITH A
WALK IN WARDROBE 6 SHELF CORNER
UNIT WHITE FINELINE: 2583989 [01687]

BUILT-IN WARDROBE

- UNITS CAN BE EASILY ASSEMBLED AND FITTED INTO YOUR WARDROBE CAVITY
- THE UNITS CAN BE STAND-ALONE STORAGE SOLUTIONS

Built-In units are ideal for fitting inside your Built-In wardrobe to create functional shelving and drawer storage space.

Our shelves can be adjusted to virtually any position you like. The inclusion of drawers enables you to create a custom wardrobe that works for you at an affordable price.

flexi
TIP

Try to maximise all the space you have by adding storage up to the ceiling. Use higher shelving and pigeon holes to store off-season clothing, travelling items or spare linen.

WE WANT TO MAKE SURE THAT EVERY CUSTOMER CAN DESIGN & INSTALL THEIR OWN WARDROBE, SO WE SET OUT TO MAKE THE WHOLE DIY PROCESS AS EASY AS POSSIBLE.

To help you through the installation process, we offer a wardrobe assembly library to guide you through the process of bringing your dream wardrobe to life!

We have easy to understand How To Videos that will step you through the assembly and installation. Please see our Support section on our website for further information and assistance.

flexi
TIP

Dresses and long coats need a long hanging space, while shirts, skirts and trousers need shorter hanging space. A good starting point is to allow a height of 940mm for short hanging space and 1880mm for long. The proportion of how much 'long' vs 'short' space needed will vary, but a minimum of a quarter of all hanging space devoted to long clothing is a good start.

TOOLS REQUIRED

OUR TOOLS AND HARDWARE CHECK LIST SHOW YOU WHAT TOOLS YOU'LL NEED FOR EACH STAGE OF THE ASSEMBLY PROCESS.

• **Small spirit level** (will allow you to determine if your floor is not level)

• **Tape Measure** (only required for measuring your available space)

• **Phillips Head Screw Drivers**

• **Rubber Mallet** (to ensure you do not dent your wardrobe panels)

FEATURES & BENEFITS

VERTICAL BUILD

Unlike other wardrobe systems on the market requiring several people to assemble and lift into position, the unique and highly innovative Vertical Build System has lots of advantages.

Benefits

- No heavy lifting once assembled.
- Simple to assemble.
- Allows you to assemble your sliding wardrobe in your chosen location and in an upright position - no need to relocate or reposition.
- Utilises all available space; able to build around corners as well as fit against walls with ease.
- Vertical Build applicable to the Sliding Wardrobe Frames only.

SAFE CONNECTION

SAFE CONNECTION improves safety, as the L bracket enables you to secure the wardrobe to the wall, preventing it from tipping over and injuring children and others. SAFE CONNECTION also stabilises the wardrobe, thus extending the life of the wardrobe.

Built-In and Walk-In units can be connected together.

MODULAR & ADAPTABLE

The Flexi Storage Sliding, Walk-In and Built-In Wardrobe range is designed to be modular and adaptable. You choose it all, the size, colour and style. Select from sliding doors and which internal fittings to have inside. All the components and accessories are designed to be adaptable, you can select and arrange them in a way that best suits your particular space, lifestyle, budget and needs. If you move house or your needs change, the system can be easily taken-down, added to or moved.

BUILD IT SAFE

ALWAYS ENSURE YOU ANCHOR YOUR WARDROBE TO THE WALL IT IS THE BEST WAY TO PREVENT TIP-OVER AND INJURY TO CHILDREN OR OTHERS. THE WALL FIXING ATTACHMENT IS AN INTEGRAL PART OF THE ASSEMBLY INSTRUCTIONS AND MUST BE INSTALLED.

- Avoid putting heavy and/or unstable items high on the wardrobe (that could be pulled off a high shelf)
- Keep any power cords behind the wardrobe
- Always discourage children from climbing up any furniture

THIS PRODUCT SHOULD BE PERMANENTLY ANCHORED TO THE WALL OR OTHER SUITABLE SURFACE TO AVOID SERIOUS INJURY OR DEATH.

THIS PRODUCT SHOULD BE PERMANENTLY ANCHORED TO THE WALL OR OTHER SUITABLE SURFACE TO AVOID SERIOUS INJURY OR DEATH. TO HELP AVOID ANY SERIOUS INJURY OR DEATH, THIS PRODUCT INCLUDES A FIXING BRACKET TO PREVENT TOPPLING. WE STRONGLY RECOMMEND THAT THIS PRODUCT BE PERMANENTLY FIXED TO THE WALL OR OTHER SUITABLE SURFACE. FIXING HARDWARE IS NOT INCLUDED SINCE DIFFERENT SURFACE MATERIALS REQUIRE DIFFERENT ATTACHMENTS. PLEASE SEEK PROFESSIONAL ADVICE IF YOU ARE IN DOUBT WHAT FIXING HARDWARE TO USE. REGULARLY CHECK YOUR FIXING DEVICE.
