

Caesar 600 Vanity

Full Height

Distinguished by its Quartzstone* top comprised of irregular flecks in neutral tones on a warm white base, the Caesar Vanity will be easy to match with popular bathroom tile colour / finish choices – whether the palette is natural or grey. The Caesar features two cabinet doors that open to reveal generous storage. Finger pull handles on the doors and drawers keep the look clean and uncluttered.

SET-OUT FOR LICENSED PLUMBER:

CABINET FINISH

White gloss polyurethane
Interior: White moisture resistant melamine

TOP/BASIN

Quartzstone* 20mm thick top
Rectangular ceramic undercounter basin
Includes: 32mm overflow plug and waste

Tap hole options: 1 tap hole only
Tapware sold separately

Note: Centred basin only

FIXING

Available on white kickboard, or with anodised aluminium legs (included)

MECHANISMS

Finger-pull handles
Soft-closing doors

DIMENSIONS

W 600 x H 845 x D 460mm

PACKAGED DIMENSIONS & WEIGHT

W 700 x H 900 x D 500mm,
48kg

* Quartzstone is a high-quality engineered stone comprising 90% natural quartz combined with polymer resins and pigments.

WARRANTY

Three (3) years (see warranty information over page).

INSTALLATION TIPS

- * Must be installed by a Licensed Plumber
- * Tap and waste pipework to be positioned within cupboard/door cavity
- * Ensure top and sides of unit are silicon sealed
- * Detailed installation instructions over page

CIBO DESIGN – WHO ARE WE?

Established in 1994 on Sydney's northern beaches, CIBO Design has built a solid reputation for its collection of high quality Australian-designed bathroomware. Specialising in producing innovative bathroom storage solutions, CIBO's products combine contemporary design and quality craftsmanship with practicality.

Caesar 600 Full Height

Delivery/Pick-up & Installation

If an item is damaged or imperfect when opened, do not proceed with installation. If a defective item is installed, CIBO is not liable for removal of the item, nor will CIBO accept responsibility to repair or replace the product. CIBO bathroomware should only be installed by a licensed plumber.

Returns & Exchanges

Please retain your receipt and contact the 'Returns and Exchanges' Desk at the Bunnings store where you purchased the item.

IMPORTANT NOTES: Vanities with Kicks

1. Kick should fit snugly with the floor and may require trimming with an electric planer if floor is not entirely level.

Packers may also be required to ensure cabinet is level from left to right as well as front to back. Seal around Kick with bathroom quality silicone to avoid water gaining access from floor and/or walls.

IT IS THE RESPONSIBILITY OF THE INSTALLER TO ADJUST THE DOOR(S) AFTER INSTALLATION.

2. Under no circumstances should vanities and/or tops be tiled into the wall. CIBO vanities and basin/tops must be fitted to finished/completed wall coverings e.g., tile, masonry or other cladding method deemed acceptable, as per the building code (of Australia) 2013. The CIBO Warranty does not cover any vanity and/or top and/or basin that has been tiled 'into' a wall i.e., fitting or fixing a vanity to a wall and tiling around it, and/or tiling down and/or around the vanity and top/basin.

Vanity Unit Installation

- Carefully remove door(s) (see Door Removal instructions). If top has not been fixed to vanity, remove it from vanity.
- Using a hole saw, drill holes for water supply pipes, wastes etc.
- Carefully move cabinet into place. Pack vanity to required height ensuring vanity top is level from side to side and front to back. Packers may be required behind the unit to ensure top is level and to prevent unit from twisting.
- Once vanity is level, fasten it to the wall using washers around the appropriate fixings ie. screws, bolts (not supplied). It is the installers responsibility to determine what fixing materials are needed. Fixings should be made as high as possible on unit.

- Sweep debris from interior of unit.
- Now replace top ensuring front and ends of top line up with front and ends of unit. This may leave gaps between top and wall. Fix top to vanity with silicone.
- The unit must be sealed (along the back edge of top and down the sides) against the wall with bathroom quality silicone. The best method of applying silicone is to cut the appropriate sized tip at a 65° angle and to evenly run a bead around the unit ensuring all gaps are filled. Seal around the cabinet with silicone.
- Spray soapy water on the silicone joint (between the wall and top) to stop silicone sticking to wall, then wipe off excess silicone and soapy water.
- Pipes can now be connected.

DAMAGE MAY OCCUR IF THE PRODUCTS ARE CONSTANTLY EXPOSED TO WATER. SILICONE MUST BE USED TO SEAL ALL JOINS – TOPS, CABINET SIDES AND KICKBOARDS MUST BE SEALED TO PREVENT WATER PENETRATION.

Door Removal/Replacement

(responsibility of the installer)
During installation, it is advisable to remove door(s) from cabinet. To do this, unclip all hinges on each door.

To Remove Doors

Locate button at back of top hinge and press. Hold base of door and pull forward to disengage top hinge. Repeat with bottom hinge.

To Replace Doors

Line up hinges with corresponding hinge plates. At base of hinge is a small metal rod that must be lined up with cradle arms of hinge-plate.

Once hinge is in place, push back of hinge down towards the hinge-plate. Hinge will snap down and engage.

Door Hinge Adjustment (responsibility of the installer)

Locate the hinges of the door to be adjusted. It may be necessary to adjust all hinges in order to achieve correct alignment.

- There are two primary screws that can be adjusted to align the door.
 - This screw moves the hinge left or right.
Clockwise direction = moves the hinge left
Anticlockwise direction = moves the hinge right.
(The opposite occurs when the hinge is fitted the other way around)
 - This screw moves the hinge in or out.
Clockwise direction = moves the hinge towards the vanity
Anticlockwise direction = moves the hinge away from the vanity

Warranty

This product is covered by a three (3) year replacement product warranty. Products which are within 3 years from the date of purchase, found upon inspection by an authorised representative to be defective will be repaired or exchanged with an equivalent product free of charge. Replaced items become CIBO Design's property. All replacement products will be available for collection without charge to the customer at the nearest Bunnings store to the customer's location, or elsewhere as agreed with the customer.

Warranty for Labour and Spare Parts – One (1) Year

The labour for the replacement of products and spare parts to which this warranty applies will be supplied by CIBO Design if the warranty claim is made within one (1) year from the date of purchase.

Spare parts which are within one (1) year from the date of purchase and found upon inspection by an authorised CIBO Design representative to be defective in construction, material or assembly, will be replaced free of charge. Products found to be faulty more than one (1) year from the date of purchase will be replaced free of charge by CIBO Design. After one (1) year from date of purchase, labour and spare parts costs are the responsibility of the customer.

Warranty Conditions

This warranty will apply only under all of the following conditions:

- The item has been installed by a licensed plumber;
- This item has been installed for and subjected to domestic residential use only;
- Failure is due to the manufacture of the product;
- Proof of purchase (including date

of purchase) is provided;

- The installation of the product is in accordance with the instructions provided. This warranty does not include faults caused by:
 - Unsuitable or improper use;
 - Incorrect installation or installation not in accordance with the instructions provided;
 - Installation or part installation by the purchaser or any person other than a Licensed Plumber;
 - Normal wear and tear including water* and natural causes such as sunlight, humidity and other environmental conditions or factors;
 - Inadequate or complete lack of maintenance;
 - Chemical, electrochemical or electrical influences;
 - Harsh detergents or abrasive cleaners used on product finishes

*Important note: CIBO Design vanity cabinets are manufactured from Moisture Resistant (MR) materials but are not waterproof. Care must be

Product Care & Maintenance

We advise that it is the responsibility of the purchaser to ensure the product is installed and maintained appropriately. All materials used are of high quality and care must be taken when cleaning.

Quartzstone

We recommend regular cleaning with a damp cloth. For stubborn marks or stains use a small amount of a mild abrasive cleanser such as Jif® cream with a damp cloth.

Ceramic

We recommend regular cleaning with a damp cloth. For stubborn marks or stains use a small amount of a mild abrasive cleanser such as Jif® cream with a damp cloth.

Cabinets

The most effective cleaning method is to use a damp cotton cloth and a mild detergent. Never use an ammonia-based product or any kind of abrasive cleaning product.

taken to dry spillages or leakage of water that may gain access to cabinetry. Accurate sealing of the vanity cabinet and kickboard (where applicable) is vital for proper maintenance of the product and ensuring longevity.

Exclusions - To the fullest extent permitted by law, CIBO Design excludes all liability for damage or injury to any person, damage to any property, and any indirect consequential or other loss or damage.

Warranty Claim Procedure - Please retain your receipt and contact the 'Returns and Exchanges' Desk at the Bunnings store where you purchased the product. Warranty claims can also be sent to: CIBO Design, After Sales Service PO Box 7461, Warringah Mall, Brookvale NSW 2100. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation

for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The benefits to the customer given by this CIBO Design warranty are in addition to any other rights and remedies available to the customer as a consumer under any laws that relate to the goods covered by this CIBO Design warranty.
