Features

Benefits

3rd Layer Split Cutlery Tray

The third layer cutlery tray can be divided into 2 sections for better drying. The left section can be raised or lowered to allow for various sized items in the cutlery tray or upper basket.

Half Wash

If you have a half load or less than a half load in the top or bottom basket, use this function to save water and energy consumption. This is perfect for smaller, less soiled items.

Extra Dry

Can be selected during certain programs such as Intensive and Normal. An increased temperature during the final rinse to increase drying strength.

Loaded Adjustable Upper Basket

Adjustable top basket allows a 30cm plate in the bottom. Bottom baskets have adjustable tines which can offer ultimate loading flexibility.

Aqua Stop + Aqua Safe
Anti-Flood Protection

In built safety system to avoid water damage just in case of water overflow.
