

## Rust Reformer

**Dy-Mark's Rust Reformer** chemically converts rust on metal surfaces into a tough barrier against further corrosion. Rust Reformer dries to a flat, black finish within 40 minutes and is suitable as a stand-alone finish and can also be top coated if necessary.

### DIRECTIONS FOR USE

#### Preparation

**All Surfaces** – Remove all dirt, grease, oil and other contaminants by washing the surface with a cleaner/degreaser. Mould and mildew must be treated with a chlorinated cleaner or bleach solution. Rinse with clean water and allow to dry.

**Steel** – Hand or power clean to remove loose rust and deteriorated coatings to obtain a sound rusted surface. Rust Reformer can be top coated with alkyd and modified alkyd resin systems. Rust Reformer can be used on other resin types, but testing on a small area is recommended first. If allowed to dry for 24 hours, Rust Reformer can also be top coated with a water-based product.

#### Application

Shake the can for at least 20 seconds after the mixing ball begins to rattle. Hold can upright approximately 20 – 25cm from surface. Adjust nozzle to achieve the desired spray pattern. Apply several light coats rather than one heavy coat.

### TECHNICAL DATA

<b>Size:</b>	350g Aerosol
<b>Finish:</b>	Flat
<b>Colour:</b>	Black
<b>Consistency:</b>	Liquid
<b>Coverage:</b>	Approximately 2 sqm per can (depending on the surface)
<b>Suitable Surfaces:</b>	Steel, Iron (do not use on galvanised steel)
<b>Drying Time:</b>	Tack Free: 12 minutes; Touch Dry: 2 hours; Recoat: at any time
<b>Temperature:</b>	Between 10°C and 40°C

### STORAGE

Store below 50°C. Do not store in direct sunlight or in vehicles under hot conditions. Protect aerosol cans against physical damage.

### DISPOSAL

Aerosol should be completely emptied prior to disposal. Contents of can are under pressure. Do not puncture or incinerate even when empty. When empty, dispose of this container through an approved recycling scheme or seek advice from your local council regarding accepted disposal methods.

### SAFETY INFORMATION

#### HIGHLY FLAMMABLE

Keep away from flame, heat and sources of ignition. Do not smoke and ensure adequate ventilation during use. Can be harmful by inhalation, in contact with skin and if swallowed. Intentional misuse by deliberately inhaling contents can be harmful or fatal.

### FIRST AID

#### KEEP OUT OF REACH OF CHILDREN

**If swallowed:** Do not induce vomiting.

**Eye contact:** In case of contact with eyes, rinse immediately with plenty of water. Seek medical advice from your doctor or Poisons Information Centre (**Australia: 13 11 26; New Zealand: 0800 764 766**).

**Note:** the information provided within this Technical Data Sheet is intended as a guide only. The performance of this product will depend on many factors outside the control of Dy-Mark; including surface type and environmental conditions. Refer to Material Safety Data Sheet for more information.
