Robotic Pool Cleaner

## Key Product Features & Benefits

### Cleans Floor and Walls

The Captura Plus™ delivers an extreme clean and covers both floor and walls with its pre-programmed cleaning cycle. The front and rear scrubbers removes debris efficiently resulting in an ultra clean to the pool floor and walls.

### Transport and Storage Trolley

The robust and easy to assemble trolley provides easy transport and storage of the cleaner, cable and control box.

### Simple Maintenance

Maintenance is simple with the easy top access release filter canister. A quick and easy hose down is all that's required.

### No Loss in Suction Power

The cyclonic suction power technology ensures there is no loss in suction power, delivering an optimal and efficient clean.

## Product Specifications
