

PC Clear Epoxy Putty

Waterproof • Non-toxic • Quick-setting

This clear liquid Epoxy Putty can be used to bond Metals, Ceramics, Concrete, Fabrics and Wood and most

- Interior\Exterior use
- Quick setting
- Dries clear

Timbermate Products is pleased to announce the arrival of the new and versatile PC Clear Liquid Epoxy

PC-Clear™ is a completely clear liquid epoxy. PC-Clear™ is formulated to remain clear during and after its curing time. PC-Clear™ is very durable and flexible making it unlike many liquid epoxies.

PC-Clear is quick setting and has a work time of 4 minutes.

If disguising a repair or the absence of color is needed, PC-Clear™ is your product of choice.

PC-Clear is excellent for all Interior or Exterior applications.

PC-Clear™ demonstrates excellent chemical resistance to mild acids, caustics, detergents, gasoline, fuel oil, salt, and fresh water.

PC-Clear is waterproof.

Please Note: PC-Clear™ will not bond to wax paper, Teflon®, Polyethylene, and some other plastics. There are hundreds of plastics in thousands of combinations. Test a small area when in doubt.

PC-Clear uses:

As an Adhesive: Wood, Metal (all types), Glass, Brick, Block, Rubber, Concrete, Stone, Slate, Fiberglass, tile, and more in any and all combinations.
