Vistelle® is a high gloss DIY panel perfect for Kitchen Splashbacks

vistelle.com
**Vistelle® panels are the perfect DIY solution to create your dream kitchen.**

**FEATURES**
- Easy DIY installation
- Superior flatness and exceptional high gloss
- 10 year indoor UV warranty
- Waterproof and easy to clean

Vistelle panels are a true DIY solution for your kitchen – easy to handle, affordable, and able to be cut, drilled and shaped with standard woodworking tools!

Vistelle can even be installed over existing wall finishes, cutting down installation time dramatically. Vistelle is waterproof, and its perfectly smooth surface is very easy to clean, with no harsh chemicals required.

Highly versatile, Vistelle is ideal for Vanity Splashbacks, Bathrooms, Shower Walls, Kitchen Splashbacks and more. Almost any vertical indoor application is suitable for Vistelle!

**KITCHEN SPLASHBACKS**

Vistelle Kitchen Splashbacks are perfect for refreshing your kitchen with the latest high gloss look. They feature a unique panel size, created to cover long bench areas with minimal joins.

If used behind a gas cooktop then a Glass Gas Panel is required. A minimum clearance of 50mm between the rear edge of the cooktop and the face of the glass panel is needed.

Vistelle Kitchen Glass Gas Cooktop Panels are manufactured from high quality toughened glass, colour matched to integrate seamlessly with Vistelle Kitchen Splashbacks.

**PANEL SIZE**

- Kitchen Splashback Panel Size 2600mm x 760mm x 4mm
- Glass Gas Cooktop Panel Size 700mm x 745mm x 6mm
Vistelle is formulated to have as minimal impact on the environment as possible.

The Vistelle manufacturing process does not release any harmful emissions to the environment. Vistelle is hygienic and does not promote bacterial growth or transmission, making it a safe and healthy choice for your home.

Because Vistelle is user friendly and environmentally engineered, we have created a surface where soap scum, calcium build up, mould and bacteria can be simply wiped away – no need for harsh chemicals.

With Vistelle, cleaning is simple. Best results are achieved by using a soft micro-fibre cloth or chamois with a non-abrasive soap or common household detergent in warm water.

Check out the Vistelle Shower Walls and Vanity Splashbacks brochure available in-store for more information.

Available in six stunning colours

- Salt
- Mist
- Tawny
- Sky
- Blush
- Eclipse
VISTELLE INSTALLATION GUIDE

Vistelle is easy and quick to install into any kitchen, bathroom or vertical wall application – adding value and style.

Installation Materials:
• Neutral cure translucent silicone 1 x 300g tube per panel.
• Double sided mounting tape 12mm wide 8m of tape per panel.

1. Area Preparation
Ensure the walls are smooth, clean and dry.
All substrate wall linings must be sealed at the joints with silicone or waterproofing compound.

**Warning:** These Kitchen Glass Gas Cooktop Panels cannot be cut.

2. Measuring and Marking Out
Measure the walls and mark up the panels.

3. Panel Installation
• Adhere two horizontal strips of double sided tape. Press and cure for 24 hours.
• Apply a 6mm bead of translucent neutral cure silicone in a wavy pattern between each tape strip.
• Seal the joints with neutral cure wet area silicone. Once the gap is filled, remove excess silicone using a soft flexible plastic spatula.

*Note:* Always refer to the instructions inside the Vistelle box.
