

Solid Timber Interior Linings

Solid timber linings are the perfect way to introduce natural aesthetics to any contemporary interior.

Tilling Architectural products have an unsurpassed reputation for quality. We remove all defects from our linings to provide a premium grade finished product, leaving only clear boards that minimise wastage. Our broad range of profiles helps you find the perfect cladding for your building style- from subtle to minimalist to bold. Choose from Tasmanian Oak- prized for its blonde colour and fine grain, or Western Red Cedar- renowned for its warmth and longevity.

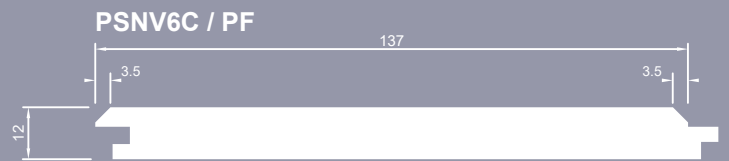

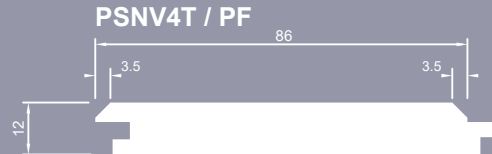

Use the QR code to the left to explore our complete range on line. Product samples are available on request. Tilling Architectural products are available through your preferred timber merchant.

Proudly Australian owned and manufactured

From subtle to bold - Tilling Architectural has a lining product to suit your style

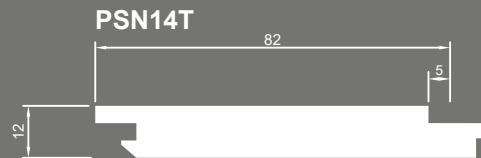

V-Joint

V-Joint lining provides a subtle shadow line between boards. Perfect for traditional looks. Available prefinished.

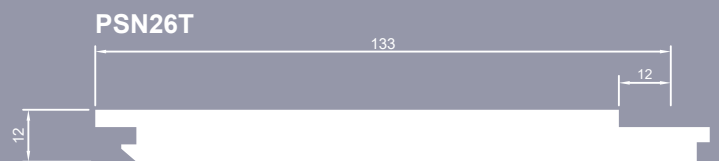

Slimline Channel

Sleek & minimalist, this refined lining has a slim shadow line between boards.

Shiplap Channel

Made to be seen from a distance, this bold profile features broad shadow lines between boards.
