Specifications

Makita

Model	DJV181
Voltage	18V
Capacities: Wood	135mm
Mild Steel	10mm
Aluminium	20mm
Length of Stroke	26mm
Strokes per Minute	800-3,500
Shank Type	B-Type
Overall Length	298mm
Weight	2.5kg

Model	DJV182
Voltage	18V
Capacities: Wood	135mm
Mild Steel	10mm
Aluminium	20mm
Length of Stroke	26mm
Strokes per Minute	800-3,500
Shank Type	B-Type
Overall Length	266mm
Weight	2.6kg

Advantages

Makita

Design

Powerful Brushless DC motor

Control

Right
Hand
Side

Left
Hand
Side

Electronic push button switch on both sides of the housing (DJV181)

Versatility

DJV181

DJV182

Variable speed control by dial

Convenience

Tool-less blade clamp

Advantages

Makita

Soft Start

Machine automatically increases motor speed when blade hits material for ease of cutting through any application

Soft No Load Speed

Automatically reduces the motor speed during idling to suppress the vibration of the machine body

Advantages

Makita

Tool Less Blade Clamp

Blade can be attached with a single action – simply by pushing it into the clamp

Blade can also be removed easily with a single action – simply by turning the large lever

Advantages

Makita

Compatibility

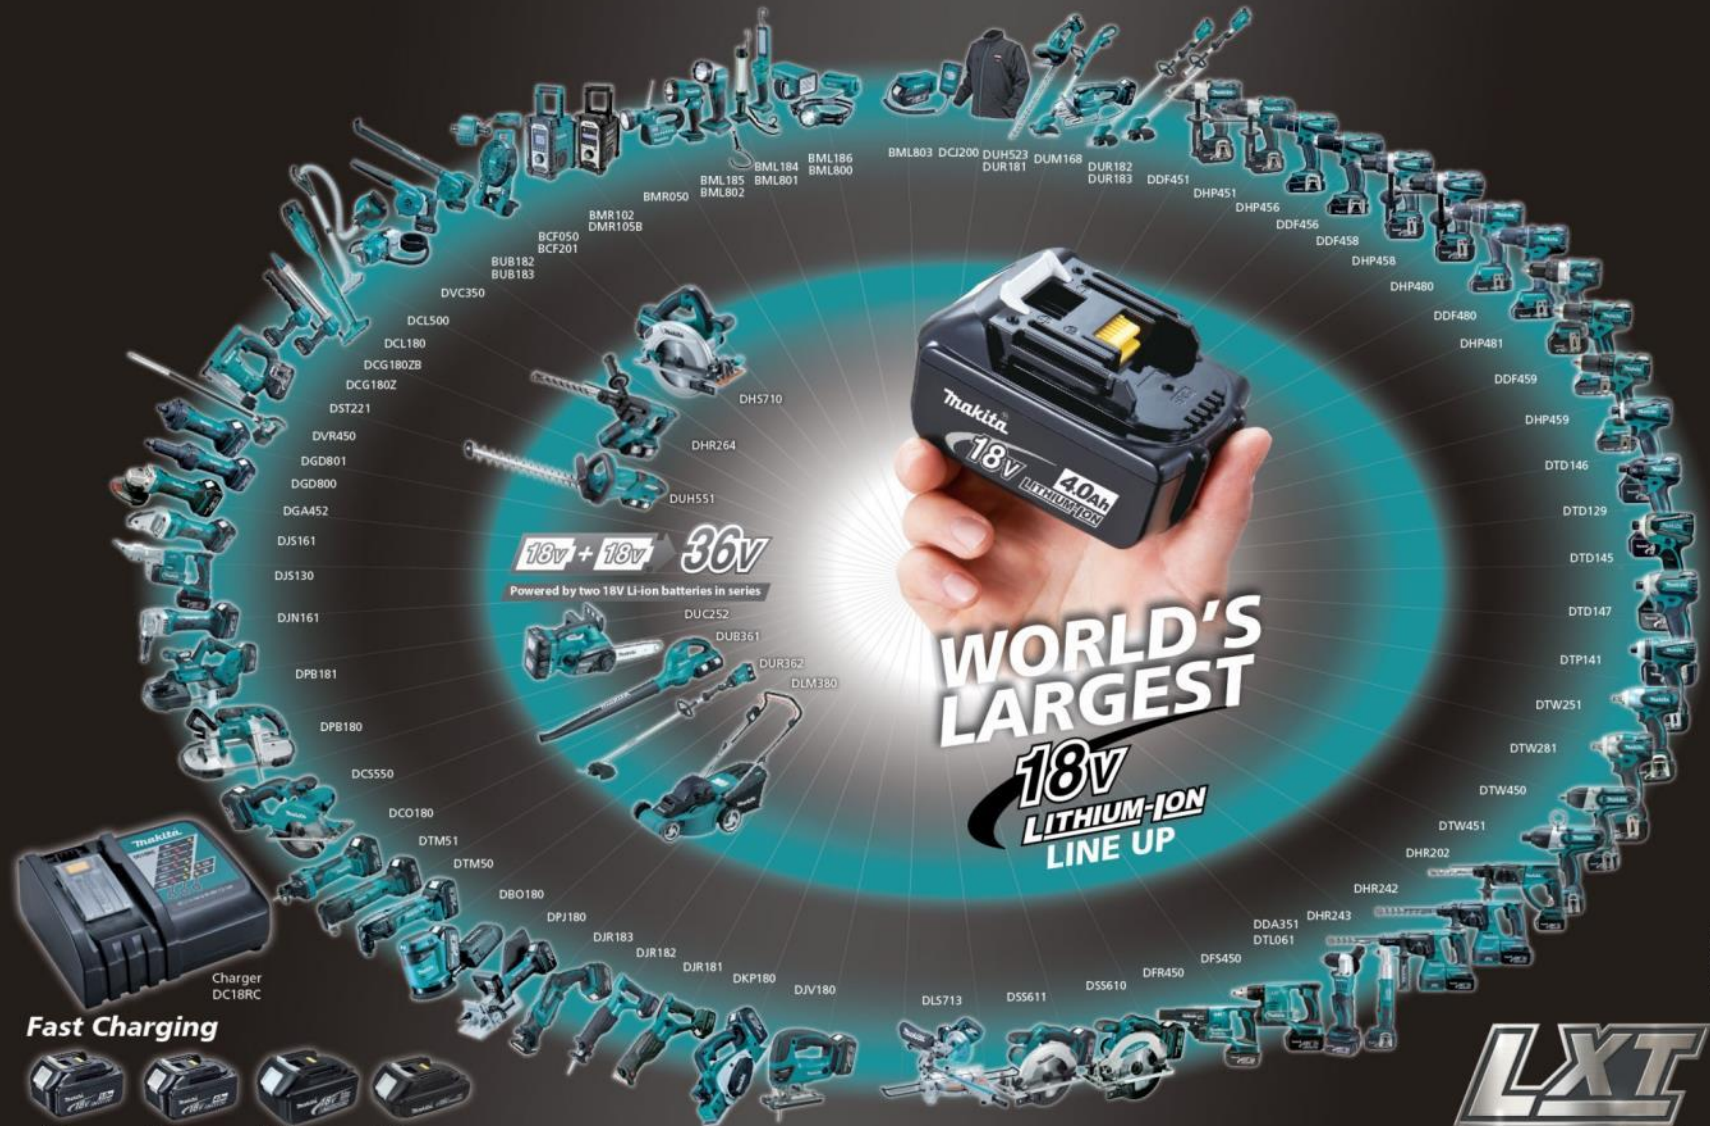

Compatible with Li-Ion batteries from 1.5Ah up to 5.0Ah with *fast charging and longer run times *DC18RC/DC18RD

Fast Charging

Advantages

18v + 18v = 36v

Powered by two 18V Li-ion batteries in series
