

MAKE IT EASY
Protector^{Al}

Thank you for choosing
Protector Aluminium
Easy Screen Kits.

The easy answer to
anything from screening
an a/c unit to creating
stunning outdoor areas
or protection from sun
and wind.

How It Works

It's as simple as 1,2,3! Follow the steps shown to purchase or order your product. If you need further advice, speak to a Team member at the Special Orders Desk in-store.

1. Select The Product You Want

View the extensive range available in this brochure or online to select the item that best suits your needs.

2. Order At The Special Orders Desk

After you have selected the product you want, take this brochure to the Special Orders Desk.

3. Collect Your Order

Upon placing your order, your product will arrive in store within 3-4 weeks*.

*Metro stores only. Regional stores may take longer.

Easy Screens

Take This Brochure to the Special Orders Desk to place an order

Easy Installation

Easy Screen has been specifically designed for simple DIY installation. All Easy Screen parts are purchased as separate elements so you only need to buy what you need, saving on waste. Easily create screens to fit any opening or application with basic DIY skills. Use Easy Screen for fencing and gates, around decks for privacy, to conceal garbage bins, pool filters and pumps, water tanks, a/c units, over windows for shade and airflow, create storage and planters, use it just about anywhere!

For details on how to install, grab a guide available instore or let Josh and Jenna show you how at protectoraluminium.com.au

Easy Maintenance

Once assembled you can be sure of many years of maintenance-free-use, with only routine cleaning required to keep the aluminium powder-coated finish looking as fresh and modern as the day it was installed.

Easy on the Eye!

There are three systems to choose from, adjustable louver, angled louver or flat slat, all profiles are modern, minimalist and stylish each incorporates the same exclusive tapered blade.

There is a choice of four standard colours in store or custom colours are available visit our website for details.

Easy Fitting

All fixed type screens are held together by a Friction Fit system so all you need to do is slot blades into Friction Fit end rails and fit screen in place.

Easy Compatibility

There are Easy Screen Friction Fit End Rails for use with hardwood and composite slats, make perfectly spaced screens in a fraction of the time. Look for the specially marked packaging.

Easy Custom

If you are looking for a different size or colour to the off the shelf range, we can custom manufacture screens in any dimension and colour you require.

Visit our website or Special Orders Desk for details.
