

## ARTIFICIAL EXPANDING TRELLIS INSTALLATION INSTRUCTIONS

### HARDWARE SUPPLIED

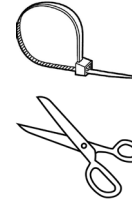

### TOOLS REQUIRED

For drywall, concrete or a fence:

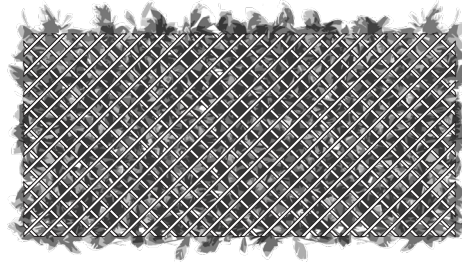

For wire or mesh:

**UN-REAL**  
HEDGE & PLANTS

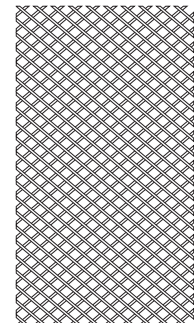

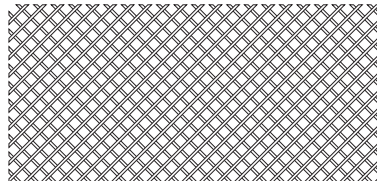

### STEP 1

Before you buy your Un-Real Hedging product from our stockist, measure your space to calculate how much you need

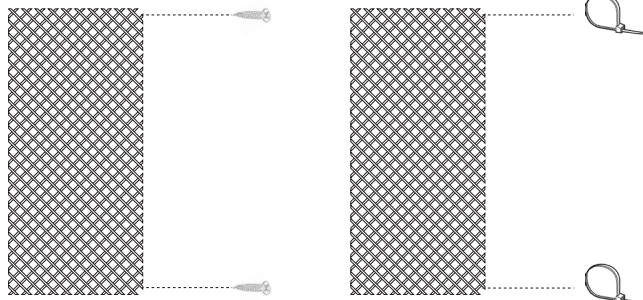

### STEP 2

Unpack your product.  
Align your Trellis and determine if Horizontal or Vertical is the best for your layout.

### STEP 3

Gather your tools.  
For drywall, concrete or a fence, you will require nails, a hammer and/or screwdriver.  
For wire or mesh, you will require cable ties and scissors.

### STEP 4

Nail, staple, tie or hang your Trellis to the wall, fence or other surface, making sure it is firmly secured. Please share your inspiring Unreal Hedge images through our @unrealhedgeandplants instagram page.
