## ROUND TANK STANDARD FITTINGS

## ROUND TANK BENEFITS

Polymaster's certified range of round rainwater tanks are manufactured with strength in mind. Here's what makes them so strong:

- **Self-supporting roof** design means no support poles are necessary
- **Extra thick corrugated** or smooth walls for maximum strength
- **One-piece construction** means there are no joins, seams or part-lines
- **Specially formulated double strength UV+ resin** on the complete colour range ensures ultimate protection against the sun
- **Certification to AS/NZ4766** tank standard which allows local rebates to be claimed

1 Moulded lugs for easy lifting and tie-down points.

2 Mosquito proof leaf screen.

3 90 mm Overflow fitting.

4 Solid brass threaded Outlet with an approved Ball Valve.
