QUALITY, STRENGTH, DURABILITY, EFFICIENCY & STYLE OF STEEL

Kingspan Water manufactures and supplies long lasting, quality, made to measure steel water tanks and accessories for Australian homes and businesses. We've been doing it for over 80 years. All our tanks come with a 10 year construction warranty* and 20 year warranty* against corrosion.

- » Australian made using quality Bluescope AQUAPLATE® Steel
- » Tanks meet Australian Standard AS4020 for storage of drinking water and carry watermark certification
- » Choose from 4 different steel tank shapes
- » Select from a range of dimensions available, or we offer made to measure tanks to perfectly fit your space
- » Full range of Colorbond® colours available

Your Tank comes with:

- Inlet strainer with light guard
- Fitted overflow with mosquito screen
- Fitted outlet with watermarked brass ball valve
- The ability to select fitting locations on your tank to save time and money on plumbing
- Finished in Galvanised or a Colorbond® colour of your choice
- Delivery to the tank base or concrete pad onsite[^]
- Industry leading 20 year corrosion warranty* and 10 year construction warranty*

[^] Site delivery to Sydney, Melbourne and Brisbane areas is included with your tank order at Bunnings. Check with your local Bunnings store to see if your site delivery address falls in the metropolitan zone, otherwise delivery charges may incur.

Metropolitan delivery to the tank base or concrete pad onsite included - we won't leave the tank on your driveway.[^]

*All our tanks come with a 10 year construction warranty and 20 year warranty against corrosion.

CHOOSE YOUR TANK IN 5 EASY STEPS

It's important that you get the tank that best suits your particular needs. Kingspan Water tanks are designed to fit perfectly into your space and lifestyle.

SLIMLINE

A great choice for tight spaces, allowing you to maximise the water storage capacity of the area available. Tailor the length, width and height to perfectly fit the space you have. Capacities range from 600 litres up to 8,700 litres.

MODLINE

These water tanks have flat ends, giving them a modern look and a smaller footprint than the equivalent capacity Slimline tank. They help maximise water storage capacity in tight spaces and can be tailored to fit as required. Capacities range from 770 litres up to 9,000 litres.

ROUND

Traditional round water tanks remain a popular choice, space permitting. Choose your diameter and height to perfectly fit the space you have. Capacities range from 500 litres up to 29,000 litres.

SQUARE

The square shape gives these tanks a smaller footprint than the equivalent capacity Slimline or Modline tanks. Capacities range from 560 litres up to 7,900 litres.

Kingspan Water offers hundreds of sizes and dimension variations across all steel water tanks.

SLIMLINE

Here are some of our most popular tank sizes in the Slimline range.

SLIMLINE	2000Litres*	3000Litres*	5000Litres*	7000Litres*

Each Colorbond® colour, tank type and size has a unique Bunnings Finline Number.

Ask your Bunnings Special Orders Team Member for the Finline Numbers of your preferred Colorbond® colour.

SEARCH THE
FINELINE NUMBER

The COLORBOND® steel colour swatches shown have been reproduced to represent actual product colours as accurately as possible. However varying light conditions and limitations of the printing process may affect colour tones.

STEP
04
SELECT FITTINGS POSITION

When placing your order you have the option to nominate your fitting locations. The standard fittings available are:

INLET

400mm inlet strainer with light guard fitted in tank lid.

OUTLET

25mm zinc outlet with water-marked brass ball valve fitted at the bottom of the corrugation of the tank wall.

OVERFLOW

90mm overflow with mosquito screen fitted on the top corrugation of the tank wall.

SLIMLINE DEFAULT FITTING POSITION	INLETS	OUTLETS	OVERFLOW
	2x400mm Inlet strainers with light guards Positions A & C	1x25mm fitted outlet with watermarked ball valve Position 6	2x90mm fitted overflows with mosquito screen Positions 6 & 12

STEP
05
SELECT
ACCESSORIES

Select from a range of pumps, including the Evolution MkIII. Ask your Bunnings Special Orders Team Member for details and the FINELINE Numbers of any items you require.

KINGSPAN EVOLUTION MKIII INTEGRATED PUMP SYSTEM

The Evolution MkIII comes with a Grundfos Submersible pump and PM Rain controller as an integrated unit. The Evolution MkIII offers the advantage of dramatically reducing installation time and saving costs, while improving the appearance of your tank system. When the tank runs out of water or when there's a power outage the pump automatically switches to mains water.
