SOME GREAT USES

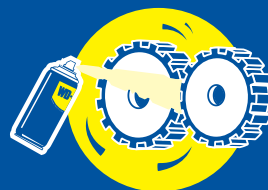

**LUBRICATES**

**CLEANS**

**PROTECTS**

**PENETRATES**

**DISPLACES  
MOISTURE**

# THE CAN WITH THOUSANDS OF USES!

**THERE'S ALWAYS  
ANOTHER USE®**

## The WD-40® five basic functions

The iconic blue and yellow can is useful for far more than loosening rusty parts or lubricating hinges:

### LUBRICATES

WD-40's lubricating ingredients keep parts moving smoothly and reduces friction and wear; helping parts work better for longer. WD-40 does not contain silicone and is ozone friendly.

### CLEANS

WD-40 gets under dirt, sap, grime and grease to clean while forming a corrosion resistant barrier. It also dissolves adhesives, allowing easy removal of labels, tape and stickers from most surfaces. Just spray and allow it to soak for several minutes before wiping off.

### PROTECTS

WD-40 contains corrosion resistant ingredients that shield metal surfaces against moisture and other corrosive elements.

### PENETRATES

WD-40's fast acting ingredients penetrate into rusted, stuck, frozen and seized up parts; allowing them to quickly loosen and keep parts working freely.

### DISPLACES MOISTURE

WD-40 is non-conductive and works by displacing any moisture in electrical systems, eliminating moisture induced short circuits.

WD-40 Multi-Use Product has five basic functions. WD-40's versatility means that the product performs as five products in one can, quite literally allowing 2000+ uses for in the shed, on the car or in the home.

**WD-40 – there's always another use**

**IN THE SHED**

- Lubricates wood screws for easier installation
- Drives moisture from precision tools
- Improves cutting time for drill bits
- Removes surface rust
- Loosens stuck chucks on drills
- Cleans and protects tools from corrosion

**ON THE CAR**

- Removes tar, bugs and bird mess from painted surfaces
- Buffs out scuffmarks on bumpers
- Displaces moisture from car wiring
- Cleans and polishes alloy wheels

**IN THE HOME**

- Drives moisture from fishing gear
- Lubricates sliding windows and drawers
- Cleans crayon off walls
- Cleans scuff marks off tiles
- Lubricates luggage zippers
- Removes chewing gum from hard surfaces

### TWO WAYS TO SPRAY

Fold down for a regular wide spray action to cover a large surface area. Flip the straw up for a precision stream.

**INNOVATION AWARD WINNING SMART STRAW®**  
TOUGH, EASY TO USE, NEVER LOSE THE STRAW AGAIN.

# THE SOLUTION FOR EVERYTHING!

**THERE'S ALWAYS  
ANOTHER USE®**

## DOES IT MOVE?

**NO**

**SHOULD  
IT?**

**YES**

**YES**

**SHOULD  
IT?**

**NO**

You often hear it said, "You only need two things in life: Duct Tape and WD-40. If it moves and shouldn't, you need Duct Tape. If it doesn't move and should, you need WD-40."

**There's a reason for that.**
