For the largest of family wash loads

Austral's Fold Away Rotaries are manufactured using BlueScope[®] Galuabond[®] Steel in three colours. The Fold Aways are easily folded and removed from the Ground Socket when required.

- ✓ Fold Away head sections are pre-corded and fully assembled
- ✓ Head Section is easily inserted into the one piece Helical Column
- ✓ Weight tested to hold up to 120kg evenly distributed weight
- ✓ Ground Socket, Galvanised Pin and Cap are included
- ✓ Ground Socket is also available as a spare part, for a second installation point
- ✓ Arms slant slightly upwards from the centre Helical Column
(please refer to the installation guide to determine correct height setting)
