SummerScreen™

INSECT BARRIER BLIND

Enjoy outdoor living and entertaining through warmer months without the unpleasant presence of mosquitoes and other insects

High Quality Fibreglass Flyscreen creates barrier against insects.

Roll-Up design with unique cord-release safety feature.

Includes **bonus** matching Zip-Joiner to join 2 blinds together.

Includes **bonus** PVC Side Seals to create gapless side protection.

SummerScreen™

Features & Benefits

Twin Dual Pulleys allow for either right or left hand side operation. Instructions in pack.

For obstruction-free views, cords can be released & safely tied off when blind is rolled down.

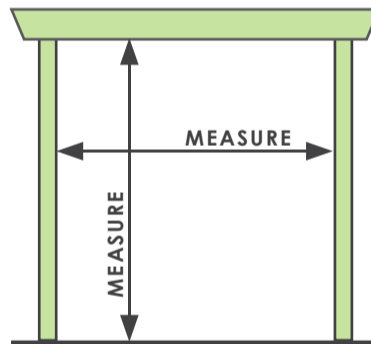

New improved design minimizes gaps to provide maximum protection when fitted correctly.

All fittings required to install this product onto a standard timber structure are included in this pack.

How to Measure

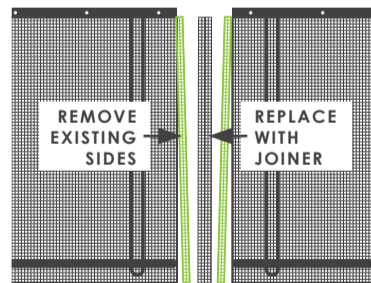

Use a metal tape measure.

Take vertical measurements where blind is to be fitted from ground to underside of structure. Add 3cm.

Take horizontal measurements where blind is to be fitted from inside post to post.

Blinds can be joined together to span larger widths.

Zip Joiner

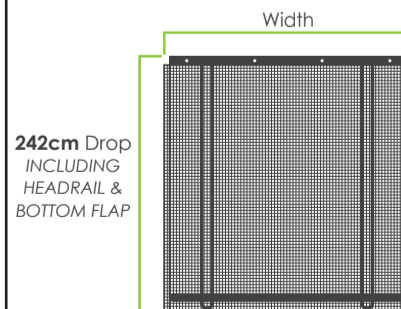

A bonus Zip Joiner has been included in the pack to join blinds together.

Simply un-zip existing blind side & replace with Joiner to create doorways or cover extra large openings.

Joiners DO NOT add any additional width to blinds.

Sizes Available

- 90cm Width x 242cm Drop
- 150cm Width x 242cm Drop
- 180cm Width x 242cm Drop
- 210cm Width x 242cm Drop
- 240cm Width x 242cm Drop

CAUTION: ALWAYS HAVE BLIND ROLLED UP DURING HIGH WINDS.
