RANGES AND COLOURS

Our three ranges have been specially selected to suit your budget, style and space.

Engineered Stone

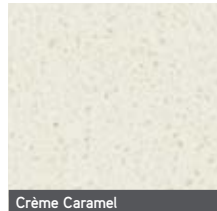

Made with natural quartz, our engineered stone surfaces offer unparalleled beauty and extraordinary performance. Combining 96% natural quartz with technologically advanced polymers, we have created a beautiful, non-porous material that's durable and easily maintained for a worry-free, immaculate surface.

Natural Stone

Our CreativeSpace range offers the differing colours and patterns that only natural stone can provide. Creative Space stone benchtops represent pure beauty – a solid and enduring investment in any kitchen.

MEASURING YOUR BENCHTOP

Use our estimate guide to design your perfect kitchen.

- 1 Draw a sketch of your benchtop area. Please mark visible edges, walls, sink and cooktop as per example below. Be sure to mark measurements in metres.
- 2 To calculate the square metre area (m²) of your benchtop multiply length and width of each section, then add the m² area of each section to give you the total m² area of your new benchtop.
- 3 Use the pricing tab to calculate the price of your new benchtop based on your measurements. (Please note that measurements will be confirmed during your site assessment by your Essential Stone benchtop installer).

EXAMPLE ONLY

FIRST PAYMENT/SITE ASSESSMENT

Payment is required for the installer to conduct an on-site measure of your kitchen. Please note any discrepancies in measurements may affect the total price.

Creating your ultimate kitchen space.

Creating a kitchen is a lot like following a recipe. There are certain ingredients you just can't skimp on, like the benchtop. It provides the wow factor. It's the thing that people will talk about the most. What you spend on your benchtop you can always save on the things people don't see. Essential Stone surfaces are simply stunning. They are surprisingly affordable, yet unmatched in durability and beauty.

RECIPE FOR A STUNNING KITCHEN SPACE:

- 1** Choose your range and colour.
- 2** Select your finishes and cutouts.
- 3** Measure up your kitchen benchtop.

Peace of mind.

Essential Stone benchtops are covered by our Essential Stone 10 year warranty. Not that we think you'll ever need to call upon it. Our range of benchtops are the ultimate choice in style, durability and quality. For details please refer to our comprehensive warranty information at essentialstone.com.au/warranty

Exclusions

Warranty does not cover Creative Space products, including the natural granite product 'Caviar' in the Urbane Space range.

Care and Maintenance

Normal cleaning of Essential Stone only requires a damp cloth or paper towel. For tougher spills use a mild non-abrasive cleanser. Clean spills as soon as possible for best results. For dry spills a non-abrasive scrub pad can also be used, rinse thoroughly and wipe off with damp paper towel.

One of many benefits of Essential Stone is that it requires no sealants or waxes to be applied during its lifetime. Because it is non-porous, with recommended cleaning procedures, it will always remain glossy and smooth. For full care and maintenance details please see essentialstone.com.au

*DISCLAIMER Prices begin from June 2013. May vary from store to store. Natural stone may vary from batch to batch, in-store samples and brochure colour swatches. Essential Stone incorporates all-natural quartz minerals mined from the earth, therefore there may be slight colour variations and particulate concentrations, as in all natural stone surfaces. It's all part of the authentic look of Essential Stone.
