

Primers – Red & Grey

Dy-Mark's Red & Grey Primer have been designed for clean and rusty metal surfaces. Metal Primer features excellent adhesion properties and forms a tough barrier against corrosion. Ideal for top coating wrought iron railings, fences, gates and other structural steel.

DIRECTIONS FOR USE

Preparation

All Surfaces – Remove all dirt, grease, oil and other contaminants by washing the surface with a cleaner/degreaser. Mould and mildew must be treated with a chlorinated cleaner or bleach solution. Rinse with clean water and allow to dry. **Steel** – Hand or power clean to remove loose rust and deteriorated previous coatings to obtain a sound rusted surface.

Previously Coated – Must be in good condition. Smooth, hard or glossy surfaces should be scarified by sanding to create a surface profile.

Application

Shake the can for at least 20 seconds after the mixing ball begins to rattle. Hold can approximately 20 – 25cm from surface. Apply several light coats a few minutes apart to avoid drips and runs.

TECHNICAL DATA

Size:	350g Aerosol
Finish:	Matt
Colour:	Grey, Red
Consistency:	Liquid
Coverage:	Approximately 2 sqm per can (depending on the surface)
Suitable Surfaces:	Steel, Wrought Iron
Drying Time:	Tack Free: 12 minutes; Touch Dry: 15-20 minutes; Recoat: Within 1 hour or after 24 hours
Temperature:	Between 10°C and 40°C
Clean Up:	Paint Thinner

STORAGE

Store below 50°C. Do not store in direct sunlight or in vehicles under hot conditions. Protect aerosol cans against physical damage.

DISPOSAL

Aerosol should be completely emptied prior to disposal. Contents of can are under pressure. Do not puncture or incinerate even when empty. When empty, dispose of this container through an approved recycling scheme or seek advice from your local council regarding accepted disposal methods.

SAFETY INFORMATION

HIGHLY FLAMMABLE

Keep away from flame, heat and sources of ignition. Do not smoke and ensure adequate ventilation during use. Can be harmful by inhalation, in contact with skin and if swallowed. Intentional misuse by deliberately inhaling contents can be harmful or fatal.

FIRST AID

KEEP OUT OF REACH OF CHILDREN

If swallowed: Do not induce vomiting.

Eye contact: In case of contact with eyes, rinse immediately with plenty of water. Seek medical advice from your doctor or Poisons Information Centre (**Australia: 13 11 26; New Zealand: 0800 764 766**).

Note: the information provided within this Technical Data Sheet is intended as a guide only. The performance of this product will depend on many factors outside the control of Dy-Mark; including surface type and environmental conditions. Refer to Material Safety Data Sheet for more information.
