

LEMAAR
ARTISTRY IN DOOR FURNITURE

ABOUT LEMAAR

Lemaar commenced business in 1999. During this period of time Lemaar has emerged as a major supplier of door furniture, cabinetware and accessories within the Australian market. Part of our success has been attributed to understanding the needs of the Australian market. With this in mind we have established several divisions to cater for your requirements such as retail, builders and developers. With the introduction of these specialised divisions we can ensure you obtain timely and appropriate information. We have broken new ground with the release of our European style collection of handles, knobs and cabinetware. Our designs are influenced by fashion from Australia and overseas, whilst always maintaining elegance and timeless styling. Our highly trained staff are committed to providing quality and accurate advice for all your needs so please do not hesitate to contact us direct, or your local stockist for product information
