

Being safe in your workzone...

Legislative Requirement.....

It is mandatory by law in all States and Territories to wear fall arrest devices when operating/using EWP's.

This includes but is not limited to:

- Scissor Lifts
- Boom Lifts
- Forklift Safety Cages

It is a requirement to use a full body harness with an approved lanyard or self-retracting lifeline.

The lanyard or lifeline must be secured, at all times to the approved anchor point within the platform.
