Suitable for indoor use

Motor

- Powerful and efficient DC-165L DC motor technology uses up to 70% less energy than traditional AC technology
- Strict quality control levels, critical sound level requirements and strenuous motor assembly procedures ensures quiet, efficient operation

Blades & Span

- 213cm (84") blade span with a 12° blade pitch for optimal airflow/efficiency
- Plastic ABS moulded blades will never rust or warp like traditional fan blades.
- Blades are moulded from a weather-resistant polymer to withstand the elements
- All blades are balanced to within one gram for wobble-free operation

Mounting

- Hanging ball and bracket design allows for up to 30° slope
