THE INSTANT FOUNDATION BLOCK!

**MEET DEKO - THE D.I.Y.
MULTIPURPOSE BLOCK THAT
MEANS NO MORE DIGGING HOLES
OR POURING CONCRETE!**

Perfect for decks, garden sheds, landings, pathways,
walkways, cubby houses and many more applications,
DEKO is Australian designed and made.

DEKO creates a stable, durable and easy to use
above ground foundation - that means no digging
holes or pouring concrete! More than just a deck
foundation, DEKO is a versatile utility block with
endless applications to make completing your D.I.Y.
or professional projects a breeze.

Each DEKO weighs approximately 13kg,
and supports 800kg per block.

INSTANT FOUNDATION
EASY AS 1, 2, 3!

DEKO AND 45MM JOISTS ARE MADE FOR EACH OTHER!

Joists can sit directly on DEKO Blocks

DEKO Block | Joist | Decking/Platform

or on top of a substructure

DEKO Block | Bearer | Joist | Decking/Platform

Joists are generally spaced at 450mm centres (maximum), however spacing can depend on the specific decking or platform material you use, so it's best to check with your timber supplier for specific project recommendations.

SET UP FOR 2400, 3000 & 3600mm JOIST/BEARERS

Maximum 1.5m spacing along joists.

SET UP FOR JOIST/BEARERS END TO END

It is recommended you check with your local council before starting any construction project, to ensure you abide by building codes.
