MAKE-A-BRACKET

PATENTED: 2004293487AU/545164NZ

BENDING FLATS
EG. MABF2081

BENDING ANGLES
EG. MABA2421

ANY SHAPE * ANY SIZE * ANYWHERE * ANYTIME

Perforated Steel Stripping available in various size angles and flats enable a multitude of brackets of all sizes to be made in seconds - on site with no more than the most basic tools.

Between each row of round holes is a row of diamond holes designed to make cutting and bending easier as well as providing more fixing options.
