## FALL PROTECTION

### CAUTION!

If use of fall protection equipment is necessary then the work environment is dangerous and potentially deadly. Werner Co. products are designed to eliminate as much of the hazard as possible but can do that **ONLY** if they are used correctly. Use this equipment as it was designed to be used, after appropriate training, under the direct supervision of a competent person, according to the instructions provided, and in accordance with local safety regulations. User **MUST** read and understand all cautions and instructions. Failure to heed these guidelines could result in injury or even death.

**Please, WORK SAFE! WORK SMART!**
