

Apollo 600

Wall hung Solid Surface basin

CIBO

Inspire Series

Sleek and minimalist, the Apollo features an integrated circular basin with a neat insert for a hand towel to the right hand side, as well as handy bench top space. At 600mm, it is an ideal solution for a compact bathroom or powder room.

The Apollo's Solid Surface finish is an appealing smooth matte white that beautifully complements the organic shape of the basin. As well as being attractive to look and to touch, Solid Surface is a durable, low maintenance surface that is ideally suited to bathroomware. Solid Surface - is a composite material made from predominantly natural minerals (around 60%). Gibbsite (a component of bauxite) is combined with high grade polyester resin. The result is a non-porous and hygienic surfacing material with unlimited design possibilities. Solid Surface material is renewable, meaning it can be restored to its original condition.

PRODUCT CARE & MAINTENANCE

Clean with a soapy sponge, followed by a gentle rinse. Finish by wiping off all residue with a clean, damp cloth.
