1 RANGES AND COLOURS

Our three ranges of engineered and natural stone have been specially selected to suit your budget, style and space.

Engineered Stone

Made with natural quartz, our engineered stone surfaces offer unparalleled beauty and extraordinary performance. Combining 96% natural quartz with technologically advanced polymers, we have created a beautiful, non-porous material that's durable and easily maintained for a worry-free, immaculate surface.

Natural Stone

Our natural stone range offers the differing colours and patterns that only natural stone can provide. Natural stone benchtops represent pure beauty – a solid and enduring investment in any kitchen.

Slab Sizes

The maximum slab size of Essential Stone, before joins may be necessary, is 3000mm x 1400mm (join locations are at the stonemason's discretion).

*Natural stone slabs sizes may vary.

Book/Vein Matching

**Book/Vein matching is available on Calacutta Classique (price on application).

MEASURING YOUR BENCHTOP

Use our estimate guide to design your perfect kitchen.

- 1 Draw a sketch of your benchtop area. Please mark visible edges, walls, sink and cooktop as per example below. Be sure to mark measurements in metres.
- 2 To calculate the square metre area (m²) of your benchtop multiply length and width of each section, then add the m² area of each section to give you the total m² area of your new benchtop.
- 3 Use the pricing table to calculate the price of your new benchtop based on your measurements. (Please note that measurements will be confirmed during your site assessment by your Essential Stone benchtop installer.)

EXAMPLE ONLY

FIRST PAYMENT/SITE ASSESSMENT

Payment is required for the installer to conduct an on-site assessment/cheek of your benchtop. Please note any discrepancies in measurements may affect

PRICE PER VISIT (INCL. GST)

SECOND PAYMENT/STONE BENCHTOPS

Includes:

- Joins as required (the location of joins are at the stonemason's discretion)
- 2 x standard top mount cutouts (includes cooktop cutout)

SavvySpace Colour *Chocolate Mousse*

UrbanSpace Colour

CreativeSpace Colour

Tap holes

GPO (power point) cutouts

Installation for additional rooms (ie. bathroom, laundry, pantry)

ESTIMATED TOTAL PRICE (incl. GST)

ORDER FORM

Complete and submit to the Special Orders desk.

CALCULATE SQUARE METRE AREA (m²)

Benchtop Section A	2.4m x 0.9m = 2.16m ²
Benchtop Section B	1.4m x 0.6m = 0.84m ²
Underbench Return C (if applicable)	2.4m x 0.3m = 0.72m ²
Total m² (A + B + C)	= 3.72m²

a) Multiply square metre price by total m² area.
 b) Add all items in pricing table to provide a price estimate for your new benchtop based on your measurements.

Check measure to affect the total price.

Creating your ultimate kitchen space.

Creating a kitchen is a lot like following a recipe. There are certain ingredients you just can't skimp on, like the benchtop. It provides the wow factor. It's the thing that people will talk about the most. What you spend on your benchtop you can always save on the things people don't see. Essential Stone surfaces are simply stunning. They are surprisingly affordable, yet unmatched in durability and beauty.

RECIPE FOR A STUNNING KITCHEN SPACE:

- 1** Choose your range and colour.
- 2** Select your cutouts and finishes.
- 3** Measure up your kitchen benchtop.
- 4** Place your order at the Special Orders desk.

Peace of mind.

All of our Essential Stone benchtops are covered by our Essential Stone 10 year limited warranty. Not that we think you'll ever need to call upon it. Our three ranges of benchtops are the ultimate choice in style, durability and quality. For details please refer to our comprehensive warranty information at essentialstone.com.au/warranty

Care and Maintenance

Normal cleaning of Essential Stone benchtops only requires a damp cloth or paper towel. For tougher spills use a mild non-abrasive cleaner, rinse thoroughly and wipe off with damp paper towel. Clean spills as soon as possible for best results.

One of the many benefits of Essential Stone (engineered stone) is that it requires no sealants or waxes to be applied during its lifetime. Because it is non-porous, with recommended cleaning procedures, it will always remain glossy and smooth. For full care and maintenance details please see essentialstone.com.au

DISCLAIMER Prices subject to change without notice. Prices may vary from store to store. Essential Stone slabs may vary in size and colour when compared to in-store samples and printed colour swatches in a brochure or on the website.

Engineered stone incorporates natural quartz minerals, therefore there may be slight colour variations and particulate concentrations, as in all engineered stone surfaces.

Natural stone slabs are mined from the earth, therefore there may be slight colour variations and particulate concentrations, as in all natural stone surfaces. It's all part of the authentic look of Essential Stone.
