

PC Epoxy Putties

Waterproof • Non-toxic • Quick-setting

The only waterproof, non toxic, quick setting PC epoxy putties are now available in Australia.

These hand-mouldable, epoxy putty and paste sticks are perfect for quick repairs to a variety of materials.

- Non-toxic when cured
- Waterproof
- Just knead and apply or mix the paste
- Bonds and dries rapidly

PC-7 HEAVY DUTY PASTE EPOXY

FOR: The tough jobs - sealing, bonding and filling voids.

The strongest and thickest waterproof epoxy paste with great fill characteristics. Can be sanded, painted and also moulded before curing. Dries to a grey colour. Use on dry surfaces only. Non-toxic when dry.

PC-MARINE PUTTY

FOR: Quick emergency repairs to fibreglass, PVC, boats, spas, swimming pools, ponds, water tanks etc

Hand-mouldable, waterproof putty. Quick to cure in wet, dry or underwater conditions. Non toxic when dry.

PC-11 PASTE EPOXY

FOR: Wet, dry or underwater repairs

The ideal waterproof epoxy paste for wet surfaces or where colour is critical. Cures underwater. Dries to off-white, is tintable and can be sanded. Marine grade. Also available in syringe pack. Non toxic when dry.

PC-METAL PUTTY

FOR: Quick emergency repairs to gas tanks, metal drums, radiators, metal and steel doors, tools, pipes etc

Waterproof, liquid steel in a putty! Safe contact with drinking water - ideal for quick repairs to metal. Non-toxic when dry.

PC-CRETE PUTTY

FOR: Fast, emergency repairs to masonry, statues, birdbaths, steps, curbs and anchoring.

This waterproof, hand mouldable epoxy is made with real aggregate. Apply to clean, dry surfaces. Non toxic when dry.

PC-PLUMBING PUTTY

FOR: Apply to wet or dry surfaces for quick plumbing repairs such as leaking pipes etc

Waterproof and NSF® rated for safe contact with drinking water. Non-toxic when dry.

PC-LUMBER PUTTY

FOR: Replacing and reshaping missing timber - fill nail, screw and knot holes, repair furniture etc.

Waterproof, hand-mouldable putty that can be used in wet areas. Sand, stain or paint in an hour. Non toxic when dry.

PC-FAHRENHEIT PUTTY

FOR: Repairs where temperatures may elevate to 260°C - ideal for exhausts, engine blocks, grills, stoves, steam pipes, BBQs etc.

Cures fast, holds strong in high temperatures. Waterproof and non toxic when cured.
