

**DELUXE COLLECTION**

## **Congratulations**

On your purchase of an AquaPort  
Replacement Filter Cartridge for the Water  
Filter Bottle (model AQP-FBOT4).

Replacement model: AQP-FCR-Q

Filter Cartridge Installation Instructions

**Note:** Water Filter Bottle should be cleaned periodically and filter cartridge should be replaced after 600 litres or 6 months, whichever occurs first, to ensure filters performs as stated.

1. Turn off power on water cooler.
2. Remove Water Filter Bottle away from water cooler and place over a sink or basin.
3. Sanitise the water cooler or dispenser, with warm water and detergent, and then rinse out thoroughly.

**Note:** Sanitising Sachet packs are available from Aquaport on 1300 764 325.

4. Wash all Water Filter Bottle parts (except filter cartridge) with warm water and detergent and then rinse out thoroughly.
5. Remove filter cartridge from plastic and immerse in ambient water for 20 minutes. Shake filter vigorously under water to dislodge loose carbon particles.
6. Reassemble Water Filter Bottle as per your Water Filter Bottle (model AQP-FBOT4) installation manual and screw the new filter cartridge in a clock wise direction into the Filtered Water Chamber of the Water Filter Bottle.

**Note:** Do not over tighten.

**Note:** For complete installation instructions refer to your Water Filter Bottle installation manual.

\* Use with municipal water only. Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.
