## PALM LEAVES FOR TROPICAL COOLING

The tropical all-weather blades have been carefully crafted to provide elegant cooling while capturing the essence of the tropics.

## RELAX WITH ELEGANT, TROPICAL BREEZES

The Tropicana ceiling fan's beautifully detailed and palm-inspired blade design utilises a 13 degree blade pitch to provide efficient and quiet airflow.

## ALL-WEATHER POLYMER BLADES

Carefully crafted from polymer (a high-grade plastic) the Tropicana's palm blades capture stunning detail and are easy to clean as well as being safer and quieter than metal blades.

## TRIED AND TRUE AC MOTOR TECHNOLOGY

Utilising time tested AC motor technology, the Tropicana uses a powerful 188x20 AC silicone steel motor to provide the power required to drive large blades.

## INDOOR & OUTDOOR COOLING

The Tropicana ceiling fan has been carefully engineered to provide both indoor and outdoor cooling, utilising powder coated steel components and all-weather polymer blades.
