The buyer should be aware that in relation to goods which are of a kind ordinarily acquired for personal, domestic or household use or consumption, certain provisions such as the Trade Practices Act, 1974 (Aust) and the Consumer Guarantees Act, 1993 (NZ) apply. The terms set out below do not exclude rights and remedies implied by a statute which are non-excludable and which may be more extensive than those provided by this warranty.

Warranty Service under both the Express Warranty and the warranties implied by law is available at any Authorised Service Centre. These centres are staffed and equipped to provide expert service.

Under Express Warranty the product is warranted from the date of purchase against mechanical defects and faulty workmanship or material. Express Warranty covers only the replacement, repair or adjustment of parts which fail due to a fault in manufacture. Defective parts will be replaced or serviced by an Authorised representative without charge for labour or materials, subject to conditions. Repairs or adjustments required by normal use or by failure to follow the manufacturer's instructions are chargeable to the owner.

Service Representatives or agents are authorised to determine whether a claim will be covered under warranty, or payable by the owner on completion.

You should seek independent legal advice to determine whether a claim not covered by the Express Warranty is covered by any warranties implied by law.

LIMITATIONS OF WARRANTY

Nothing in these terms shall exclude, restrict or modify any term, condition, warranty or liability implied into this contract by statute, where to do so would be unlawful or would render any provision of this contract void. Subject to that, all warranties implied by statute in respect of the goods are hereby expressly negated and the manufacturer's liability for the goods is limited to any warranties issued in writing by manufacturer and manufacturer is excluded from any liability whether under this contract or otherwise to the buyer of any third party for any loss, injury, cost or damage (direct, indirect, special, consequential, or otherwise and whether or not arising from a negligent act or omission of the manufacturer), incurred or suffered by reason for the goods, their use, their design or any failure to deliver or delay in delivering them.
